

So, you clicked on Binod, eh?

Binod - is the name for the Chematoodlon'20 meme making competition, since we couldn't find any other name

Binod

Chematoodlon'20 Meme Competition

Event Organizer: Manish (6290721784) / Ayush (7003491306)

- Event is **exclusive** to the students of JU Chemical Dept, since we don't want Binod's from other territories stealing our glory.
- Pretty simple rules, just create an **original** meme. (You can use meme templates)
- No form of restriction on any political satire or some good-natured person roast. Just go all-out! We need to be able to find some good laughing content.
- Creating a meme out of our department or college might earn you some brownies ;)
- Everyone is entitled to **at most 3** memes.
- For meme submission, it will be done through a Google Form, once you register yourselves for the event.
- They will be uploaded on our Chematoodlon's official FB page. The audience there would decide your fate :)

- The reacts on the FB page will decide who are the up-coming Chemical-memelords. But, the event coordinators reserve the right to remove any meme, that is simply <Ctrl+C>, <Ctrl+V>, and trust me, some people just live their lives on memes, you won't be able to get past them xD
- So, what's the wait? *The competition is **free**, and directly contributes to the Chematoodlon event's leaderboard. (the best five memes)*

Join us on our adventure to spread some laughter and help us find the next 'Binod'!

Oh yes, and check out our Website: <https://chematoodlon.github.io/>
Couldn't resist the self promotion :)
